CEDAR VALLEY BANK & TRUST CREDITS LPC CONNECT FOR LENDING A HELPING HAND

"It's all about you" is their motto. Cedar Valley Bank & Trust's highest priority is serving and supporting the communities and customers they consider friends and neighbors, according to David Coulter, who is president and owner of the bank formerly known as Mount Auburn Savings Bank.

Coulter says what makes Cedar Valley Bank & Trust unique is that they focus on customers' individual needs. "You can get everything you need from one place. From opening a child's first savings account to financing a home purchase to planning for a comfortable retirement, Cedar Valley Bank & Trust can help you. We have all the products you can get at a large regional bank. When you call the bank, you get us, not a machine. A handshake is still important to us," added Coulter. Both LPC Connect and Cedar Valley Bank & Trust share these same core values.

The relationship between LPC Connect and Cedar Valley Bank & Trust spans over a century, as the bank has been an LPC Connect customer since 1907. More recently, LPC Connect installed a VLAN between the La Porte City and Vinton offices, which provides an uninterrupted Ethernet connection allowing for the staff of 15 employees to perform critical business functions. They also subscribe to telephone and Internet services from LPC Connect.

Cedar Valley Bank & Trust benefits not just from LPC Connect's services, but also from their customer service. Coulter points out, "We appreciate the quick response time from LPC Connect when we have phone or internet problems. We previously had worked with a large phone service in the Vinton office and we appreciate how LPC Connect understands when we have an urgent need that needs to be repaired quickly in order for us to continue to do business. Having a locally owned phone and Internet provider right across the street from us has been very helpful to our business. We get service quick and done right, which is essential to our business."

LPC CONNECT IN YOUR COMMUNITY – KRAIG DEVRIES

LPC Connect works for you, our customers. We are a company that provides local jobs and whose taxes are kept locally. We give back to the communities we serve through civic memberships and employee volunteerism in the roles of coaches, workers, committee members, organizers, leaders, and more.

Kraig DeVries, LPC Connect's plant technician, has been actively involved with several youth programs after moving to La Porte City from Wilton, Iowa. Kraig shares his time and talent as a youth baseball, basketball, and football coach for more than seven years in addition to being a Boy Scout leader for 5 years.

Kraig is married to Sue and has two sons Reece and Ryan, which fuels his passion for working with kids. "I love being involved and working with the youth programs," commented DeVries.

Thank you for your commitment to the LPC Connect community, Kraig!

APPLY FOR AN AUREON CHARITY GRANT

Aureon, the new name for the Iowa Network Services family of companies, is now accepting applications for the quarterly Aureon Charity Grant Program. Our grants are available to Iowa communities sponsored by its participating telecommunication companies; LPC Connect is one of these participating companies. The Aureon Charity Grant Committee looks to accept proposals from organizations seeking to better their local communities.

There are virtually no restrictions on the number or types of charities that may apply for the grant; however, the program must benefit and be made available to all members of the community. The deadline for submission is the end of each calendar quarter. Aureon created the grant program in 1993 to increase service and support to rural independent telecommunications companies and the communities they serve. The Aureon Charity Grant Program awards grants on a quarterly basis. Over the course of twelve years, Aureon has donated over \$850,000 to local communities and their surrounding areas. We believe in rewarding various organizations for their passion and dedication to advancing their own neighborhoods.

Interested organizations are encouraged to contact LPC Connect to learn more information about the Aureon Charity Grant Program. Call Barb or Heidi at 319-342-3369.
