Conditions of Service. As a condition of receiving service, you may be required to enter into a separate service agreement. You agree to be bound by any required service agreement along with all applicable terms and conditions of service in this notice (collectively, the "**Service Contract**"). Your Service Contract may include additional terms and conditions approved by the Company and communicated to you in writing from time to time, including applicable charges and/or promotional discounts for specific services requested by you from time to time.

Termination of Service. You may initiate termination of service (a) by notifying the Company's business office during normal business hours and scheduling a physical disconnection of service and equipment recovery, or (b) by directly and personally appearing at the Company's business office during normal business hours and surrendering all equipment to the Company. Upon disconnection of service for any reason, you are liable for service-related charges for all services rendered by the Company up to the disconnect date and may be liable for prorated service charges based on the remaining term of any applicable Service Contract. In addition, you are liable for all equipment-related charges until such equipment is returned to the Company.

BILLING POLICY

Payment. You are solely responsible for paying for all services, including charges for installation, equipment and programming or other services and all applicable local, state or federal fees, taxes and surcharges. Unless otherwise provided in the applicable written Service Contract, monthly recurring charges are billed to you in advance and non-recurring charges are billed to you in arrears. All charges are due upon your receipt of the bill or by the date specified on the billing statement.

Changes in Service and Charges. From time to time the Company may change or delete programming services, upgrade or otherwise modify its operating equipment and/or increase or decrease any fees and charges for installation, equipment and programming service. Whenever possible, the Company will give all customers prior written notice of any changes in rates, programming services or channel positions in compliance with applicable law and local franchising requirements. Notwithstanding the preceding, content, programs and/or formats associated with any programming service may be discontinued, modified or changed by the owners of such services at any time without prior notice to customers.

Late Charges and Other Charges. The Company may impose an administrative late fee for any charges not paid in full by you on or prior to the applicable due date. If service is disconnected for nonpayment, the Company may, in addition to any outstanding balance and applicable late charges, impose a reconnect charge and/or require a security deposit before service is restored.

of the premises, you grant the Company a continuing easement to construct, install, maintain and/or replace all facilities and equipment as necessary for the Company to provide service. If you are not the owner of the premises for which you have requested installation of service, you represent and warrant to the Company that you have the consent of the owner as necessary for the Company to perform required installation and maintenance for service to the premises.
