BUSINESS SPOTLIGHT

Vibes 313 Hair Studio

"We are so proud to work in a town that supports our dreams and believes in our goals," shared Leah Mullnix, owner of Vibes 313 Hair Studio on 313 Main Street in La Porte City, Iowa. She described her salon with three phrases:

1. Full-Service Salon
2. Big City Feel
3. Small Town Heart

"At Vibes, the stylists go above and beyond the appointment by providing you with one-on-one appointments, complimentary beverages, a professional and accepting atmosphere, and options of luxury products for every guest to recreate and maintain the salon day look at home," shared Mullnix.

She continued, "Our two stylists are not from La Porte City but have quickly fallen in love with our town and are always looking for new and exciting ways to support our community. Connection with our guests and building relationships has always been one of our main focuses. We entered this industry because we love people, and we always look forward to seeing our clients walk a little taller, smile a little bigger, and feel a lot better when they walk out of the salon."

Leah provides the ultimate WiFi connection in her salon powered by fiber-optic internet services from LPC Connect. "We wouldn't be able to survive without our WiFi! We give out our WiFi password to all our clients and have never had any problems with service or slow internet," described Leah.

"The best part is LPC Connect is right across the street from the salon. They have the best customer service, and

they ALWAYS greet us by name and big smiles," she noted. "We began with LPC Connect; they are our 'ride or die'."

Since 2019, Vibes 313 has focused on delivering a memorable experience to its clients. Vibes accepts anyone ready to enhance their salon experience, not only with an amazing style but a relaxing experience from start to finish.

We appreciate the business and support from Vibes 313 Hair Studio and look forward to connecting you and your clients for years to come!

Reconnect with Telephone History at the FFA Historical and Ag Museum

Nowadays, most people carry around a phone that can fit in their pocket, double as a camera, and connect to the internet. That wasn't always the case for most of the history of phones. Since the invention of the telephone, it has undergone a lot of changes. Our exhibit helps visitors see the evolution of the telephone from bulky objects to today's miniature computers.

Visit the La Porte City FFA and Ag Museum to learn about the history of one of the most important inventions in human history! The museum is located at 408 Main Street in La Porte City, and our hours are 10:00 AM – 4:00, Tuesdays and Thursdays. **Call 319-342-3619 for more information.**
